² The 2019 EFPIA Code of Practice (in short: EFPIA Code) states in Section 23.05 (*Methodology*) that "each Member Company must publish a note summarizing the methodologies used by it in preparing the disclosures and identifying Transfers of Value for each category described in Section 23.05. The note, including a general summary and/or country specific considerations, must describe the recognition methodologies applied, and should include the treatment of multi-year contracts, VAT and other tax aspects, currency aspects and other issues related to the timing and amount of Transfers of Value for purposes of this Code, as applicable".

2. Purpose of the Methodological Note

This document is intended to serve as supporting documentation for the 2022 Novartis Pharma Services Romania SRL Disclosure Report. The company's position is based on the interpretation of the current version of the EFPIA Code aligned with local transparency laws (i.e. - Order no. 194/2015 approving the Norms for Evaluation and Endorsement the Drug Advertising).

The Methodological Note summarizes the disclosure recognition methodologies and business decisions as well as country specific considerations applied by Novartis Pharma Services Romania SRL in order to identify, collect and report ToVs for each disclosure category as described in Order no. 194/2015 approving the Norms for Evaluation and Endorsement the Drug Advertising ("Order 194/2015"), which was further accepted by EFPIA as reporting format.

3. Novartis' Commitment and Responsibility for Disclosure

Novartis supports laws and regulations that promote transparency around relationships between healthcare companies and HCPs/HCOs associated with ToVs related to prescription-only medicines.

Novartis establishes a single, consistent transparency standard for disclosing ToVs in all EFPIA countries.

4. Scope of the Novartis Disclosure on Transfers of Value

This 2022 Novartis Pharma Services Romania SRL Disclosure Report is following the disclosure standards pursuant to the local transposition of EFPIA Code and national transparency laws/regulations. Subject to this disclosure report are all direct or indirect ToVs related to prescription-only medicines disclosed by Novartis Pharma Services Romania SRL to or for the benefit of a Recipient made by any Novartis affiliate as described in Article 23 of the EFPIA Code. Further details on the disclosure scope will be provided in chapter 4 of this document.

The legal definition of 'prescription-only medicine' is pursuant to the Law no. 95/2006 regarding the healthcare reform. ToVs related to a group of products that includes prescription-only medicines (e.g. combination products/diagnostics and medicinal products) are reported in total following the disclosure requirements of the EFPIA Code and of the Order no.194/2015.

In summary:

The 2022 Novartis Pharma Services Romania SRL Disclosure Report covers direct and indirect ToVs, payments, in kind or otherwise, made to HCPs/HCOs in connection with the development and sale of prescription-only medicinal products exclusively for human use, whether for promotional purposes or otherwise.

Aggregate disclosure for non Research and Development ToVs is only used in exceptional cases, e.g. if consent could not be obtained despite best efforts or in case of withdrawal of consent.

This report also includes Transfer of Values made by Advanced Accelerator Applications and Novartis Gene Therapies.

5. Novartis' Disclosure Recognition Methodology and Related Business Decisions

This chapter represents the central pillar of this Methodological Note. It provides comprehensive information on the terminology definitions, recognition methodology and business decisions that affected how the published ToVs data was established for each category of the disclosure report.

5.1 Definition of Direct and Indirect Transfer of Values

Novartis Pharma Services Romania SRL applies the EFPIA definition of ToVs as outlined in EFPIA Code Definitions pursuant to the Law no. 95/2006 regarding the healthcare reform, Order 194 I 2015 and Order no. 874/2015.

According to the EFPIA Code Definitions, the following definitions apply throughout this report:

- Direct ToVs are defined as those ToVs, payments or in kind, made directly by the Novartis affiliate to the benefitting HCPs/HCOs.

-
- Indirect ToVs are defined as those ToVs made through an intermediary (third party) on behalf of a Novartis affiliate for the benefit of HCP/HCO where the Novartis affiliate knows or can identify the HCP/HCO that benefits from the ToVs.

In general, ToVs are reported at the level of the first identifiable Recipient which falls under the EFPIA definition of an HCP/HCO. To the extent possible, disclosure is made under the name of the individual HCP or at the HCO level, as long as this could be achieved with accuracy, consistency and compliance with the EFPIA Code and pursuant to the Law no. 95/2006 regarding the healthcare reform, Order no. 194 /2015 and Order no. 874/2015. Where a ToV was made to an individual HCP rendering services on behalf of an HCO indirectly via this HCO, such ToVs are only disclosed once on either Recipient level.

Generally, ToVs to HCPs via an HCO are disclosed at the first level Recipient (HCO). When a tripartite contract exists between Novartis Pharma Services Romania SRL an HCO and an HCP, with the HCP as benefitting party, ToVs are disclosed at HCP level. If Novartis Pharma Services Romania SRL holds a contract with a non-HCO Third-Party vendor acting on behalf of Novartis Pharma Services Romania SRL and who is contracting independent HCP/HCO to provide a reportable activity, ToVs are disclosed at the individual subcontracted HCP/HCO level.

5.2 Definition of Cross-border Transfer of Values

Novartis Pharma Services Romania SRL applies the EFPIA definition of cross-border ToVs as being a Transfer of Value to an HCP/HCO that **occurred outside** the country where the Recipient has its primary practice, principal professional address or place of incorporation provided that this country is an EFPIA regulated country.

In general, such ToVs are disclosed in the country where the Recipient has its principal practice, principal professional address or place of incorporation - pursuant to the local transparency regulations.

5.3 Transfer of Value Categories according to the EFPIA Code

Novartis Pharma Services Romania SRL applies the EFPIA definition of the ToVs categories pursuant to the the Law no. 95/2006 regarding the healthcare, Order 194/2015 and Order no. 874/2015.

The following categories constitute the local transparency law disclosure for the 2022 Novartis Pharma Services Romania SRL EFPIA Disclosure Report

- Donations and grants to an HCO
- Contribution to costs related to events to an HCO/HCP, such as:
 - Sponsorship agreements
 - Registration fees
 - Travel and accommodation
 - Meals
- Fees for service and consultancy to an HCO/HCP

-
- Fees for service and consultancy
 - Expenses related to fees for service and consultancy
 - Research and development (reported as aggregated data)

Details on the recognition methodology and business decisions affecting how the published ToVs data was constructed for each category can be found in the subsequent sub-chapters.

5.3.1 Transfer of Values Related to Donations and Grants

Novartis Pharma Services Romania SRL applies the definition of the “Donations and Grants” category pursuant to the Law no. 95/2006 regarding the healthcare reform, Order 194/2015 and Order no. 874/2015.

Grants to a hospital/university department or teaching institution are disclosed in the name of the legal entity that is the Recipient of the ToVs – this may be the hospital, university or independent department within these organizations.

ToVs to a charitable organization are disclosed under the “Donations and Grants” category in the name of the benefitting HCO if the charitable organization falls under the EFPIA definition of a benefitting HCO. Charitable product donations made to HCOs in the context of humanitarian aid are also disclosed in the “Donations and Grants” category.

5.3.2 Transfer of Values Related to Contribution to Costs of Events

Events are defined as promotional, scientific or professional meetings, congresses, conferences, symposia, and other similar events (including but not limited to advisory board meetings, visits to research or manufacturing facilities, and planning, training or conducting of investigator meetings for clinical trials and non-interventional studies) organized or sponsored by or on behalf of Novartis Pharma Services Romania SRL pursuant Order 194/2015 and Order no. 874/2015.

ToVs to participating HCPs/HCOs related to such events falling under the definition above are disclosed in the “Costs of Events” sub-categories “Sponsorship Agreements”, “Registration Fees” or “Travel and Accommodation”. ToVs that by exception fall into the “Fees for Service and Consultancy” or “Research and Development” categories are outlined in the respective chapters 5.3.3 and 5.3.4.

5.3.2.1 Transfer of Values Related to Contribution to Costs of Events – Sponsorship Agreements

Novartis Pharma Services Romania SRL applies the Order 194/2015 and Order no. 874/2015 definition of the "Sponsorship Agreements" category, following the principle that "Sponsorship Agreements" are formalized in contracts that describe the purpose of the sponsorship and the related direct or indirect ToV - pursuant to the local transparency regulations.

In general, indirect sponsorship of an HCP through an HCO is disclosed under the “Sponsorship Agreements” category as payment to the HCO as first level Recipient of the ToV. This applies to the following categories: ToVs related to intermediaries selecting the faculty who acted as speakers or faculty at an event; ToVs related to advertising space, sponsoring of speakers/faculty, satellite symposia at congresses, courses provided by HCOs.

ToVs made through a professional conference organizer (PCO) as intermediary e.g. for the hire of booths or stand space on behalf of an HCO, are disclosed as ToVs either in the “Sponsorship Agreements” category or as “Fees for Services and Consultancy” – depending on the nature of the spend, in the name of the sponsored HCO as benefitting Recipient.

If an intermediary organized an event with sponsorship of Novartis Pharma Services Romania SRL on behalf of more than one HCO, the ToV is disclosed based on the actual ToV allocated to each benefitting HCO wherever possible. In cases where it was not possible to accurately allocate the ToVs to each HCO involved in the event, it was assumed that all HCOs had similar levels of involvement. In consequence, the ToV was divided by the number of HCOs, which would each be reported as having received their equal share of the ToVs.

5.3.2.2 Transfer of Values Related to Contribution to Costs of Events – Registration Fees

Novartis Pharma Services Romania SRL applies the Order 194/2015 and Order no. 874/2015 definition of the “Registration Fees” related to cost of events categories pursuant to the local transparency regulations

In general (and for all types of events), whenever registration fees were charged for an event organized or sponsored by or on behalf of Novartis Pharma Services Romania SRL, they are disclosed in the name of the benefitting HCP or HCO. The total amount of registration fees paid in a given year to a HCO should be disclosed on an individual basis (in the name of the HCO) under “Contribution to Costs of Events”. The total amount of Registration Fees paid in a given year to a HCP who is the clearly identifiable Recipient is disclosed on an individual basis (in his/her name) under “Contribution to Costs of Events”.

ToVs related to virtual congresses (e-congresses) are reported as actual spend. Aggregate spend is disclosed under the HCO in each country and is reported in "Registration Fees" category. Virtual congress vouchers given to HCPs will be disclosed under the final beneficiary (HCP).

5.3.2.3 Transfer of Values Related to Contribution to Costs of Events – Travel & Accommodation

Novartis Pharma Services Romania SRL applies the Order 194/2015 and Order no. 874/2015 definition of the “Travel and Accommodation” related to cost of events categories pursuant to the local transparency regulations.

ToVs covered under the “Travel and Accommodation” category include costs of transportation (e.g. flights, trains, buses, taxis, etc., car hire tolls, parking fees) and accommodation (e.g. hotel, apartment, etc.) and meals if applicable and part of the contract.

In general, ToVs related to travel and accommodation are disclosed at first level Recipient basis. If the ToVs are made through an HCO or intermediary (third party), it will be disclosed at individual HCP level whenever possible (see chapter 5.1).

ToVs related to travel and accommodation for a group of HCPs such as group transportation by bus are disclosed on an aggregate basis. If the mass transportation is shared by a group of HCPs who have their primary practice in different countries, the ToVs are disclosed in aggregate with the total cost divided equally among the planned number of benefitting HCPs per country.

In case the benefitting HCP partly bears the costs related to travel and accommodation the net amount of the Novartis Pharma Services Romania SRL payment offset by payment from HCP is disclosed as ToV under the “Travel and Accommodation” category in the name of the HCP.

5.3.3 Transfer of Values Related to Contribution to Fees for Service and Consultancy

5.3.3.1 Transfer of Values related to Contribution to Fees for Service and Consultancy – Fees

Novartis Pharma Services Romania SRL applies the Order 194/2015 and Order no. 874/2015 definition of the “Fees for Service and Consultancy” category pursuant to the local transparency regulations.

ToVs covered under the “Fees for Service and Consultancy” category, whether made directly or through a third party to an HCP/HCO, include but are not limited to services performed in connection with third-party congresses, speakers’ fees, speakers’ trainings, medical writing, data analysis, development of education material, interviews e.g. on Novartis Pharma Services Romania SRL products or research, general consulting/advising, services by distributors, consultancy for tool/questionnaire selection or analysis, other items that are locally applicable.

Novartis Pharma Services Romania SRL has formalized such collaboration in a contract describing the purpose of ToVs. In general, the ToVs received by the contracting entity – which may be an HCP, a legal entity owned by an HCP (considered an HCO under the EPFIA Disclosure Code) or an HCO – are disclosed under the “Fees for Service and Consultancy” category in the name of that contracting entity.

As mentioned in Chapter 5.3.2.1, ToVs made through a PCO as intermediary (e.g. for the hire of booths or stand space on behalf of an HCO), are disclosed as ToVs either in the

"Sponsorship Agreements" category or as "Fees for Services and Consultancy depending on the nature of the spend, in the name of the sponsored HCO as benefitting.

ToVs related to market research studies for which the identity of the Recipient was known to Novartis Pharma Services Romania SRL, are disclosed under the "Fees for Service and Consultancy" category. ToVs related to market research studies for which the identity of the HCP/HCO was not known to Novartis Pharma Services Romania SRL are not disclosed as the right of the respondents to remain anonymous is embodied in market research definitions and relevant codes of conduct worldwide.

5.3.3.2 Transfer of Values related to Contribution to Fees for Service and Consultancy – Related Expenses

Novartis Pharma Services Romania SRL fully complies with the Order 194/2015 and Order no. 874/2015 definition of the "Fees for Service and Consultancy - Related Expenses" category pursuant to the local transparency regulations.

In general, the ToVs amount related to expenses such as travel and accommodation cost associated with the activity agreed to in a "Fees for Service" or "Consultancy" contract do not constitute part of the fees itself; in consequence such ToVs are disclosed under the "Related Expenses" category in the name of the benefitting HCP/HCO.

In case such expenses were not material (e.g. of limited value), or when such expenses despite best effort could not be accurately disaggregated from the fees, such ToVs have been disclosed as part of the total amount of fees under the "Fees for Service or Consultancy" category.

5.3.4 Transfer of Values Related to Research and Development

Novartis Pharma Services Romania SRL applies the EFPIA definition of the "Research and Development" category as outlined in EFPIA Code – Definitions, the definition of non-clinical studies in the OECD Principles on Good Laboratory Practice, the definition of clinical trials and non-interventional studies (as defined in Regulation 536/2014 and Section 18 of the EFPIA Code) - pursuant to the definition in the national disclosure code.
